### **Malcolm and Pam Sheppard, alias Just Umpfree**

We moved into Orchard Bungalow, Broad Road 43 years ago. In former years it had been the local Post Office adjacent to the local Coal Yard. In the 60's we were totally active with a local Pop Group in our home town of Petworth. We moved to Hambrook to raise our family, so for many years our musical interests were side lined . After a considerable break our interest in the music scene was re-kindled as a duo playing a unique style of our own, with Pam singing vocals and Malcolm on keyboards.

We have had a very popular semi-professional career performing in many clubs and touring with the Pearly Kings and Queens as far as Guernsey. We have also been contracted to H.P. Bulmers to perform at their promotional functions throughout the country. Laterly, **Just Umpfree** have been entertaining in France.

Our music is in a sing-along style and covers many genre's, for example Old Tyme Sing-along, Country and Western, Ballads, Dance Music, Popular Music and songs from the 60's.
