

Family activities on 9 October

Cobnor Activities Centre Trust and the Monday Bus are set to benefit from the newly re-launched Community Support Card scheme running at The Co-operative stores in Delling Lane and Station Road, Bosham. These two worthy causes were chosen by a representative panel of local people prior to the start of the fundraising period.

The Community Support Card scheme works by The Southern Co-operative donating money to the fund every time customers have their special community cards swiped as they shop, and proves very successful in raising money for local groups.

The total target for fundraising over the coming year is £10,000 with an equal split of the funds raised being given to both groups.

Fund raising has already begun, but the official 'launch' will be celebrated at a family fun event taking place at Bosham Sailing Club on Sunday 9 October from 12 noon until 4pm. The event is open to the whole local community and will include fun activities and entertainment for all the family including a hog roast, bouncy castle, zumba dancing, face painting etc. Everything on the afternoon, apart from food and drink, is free of charge. There will also be a fancy dress competition, with the theme of 'King Harold' and the Anglo-Saxons - given their strong historical links to Bosham. Come in fancy dress and complete your costume at our craft workshop, ready for the parade later on in the afternoon.

All visitors will also receive a free raffle ticket on entry for the prize draw, which will take place at the end of afternoon and give them the opportunity of winning a hamper of delicious Co-operative goodies worth not less than £50.

With the support of Co-operative customers, it is hoped that The Southern Co-operative will raise the maximum amount possible to benefit the Cobnor Activities Centre Trust and the Monday Club through the Community Support Card scheme.

Come and see more on 9 October and enjoy an afternoon overlooking the water.
