

# Woodland Cashback: Heating your local community with wood

Chichester, 7pm Thursday 2<sup>nd</sup> June 2011  
Horsham, 7pm Wednesday 29<sup>th</sup> June 2011

Did you suffer from high oil or LPG prices last winter?  
Would you like a cheaper, greener alternative?

New incentives for renewable heating now makes using local, sustainably grown wood an attractive option. Individual households and communities working together can all benefit.

- The Government is expected to announce more information about the Renewable Heat Incentive for single households in May. Be one of the first to hear the details at this meeting.
- Woodland owners and farmers have the opportunity to develop secure long term local markets
- Communities can become independent of fossil fuels for heating.

Come and hear our expert panel of speakers. Questions answered too:

- ❖ Patrick Allcorn, Department of Energy and Climate Change – The ‘Renewable Heat Incentive’ explained
- ❖ Andrew Tolfts, West Sussex County Council– Linking woodland, heat and profit
- ❖ Nick Heasman, South Downs National Park – Cutting trees, cutting CO<sub>2</sub> emissions.
- ❖ Jeff Dober, Finance South East – Where is the investment funding?

Where? Assembly Room, North Street, Chichester, PO19 1RQ  
County Hall North, Chartway, Horsham, RH12 1XA

This information evening is FREE but places limited, so if possible please let us know you are coming.
