

Chidham & Hambrook Parish Council would like to see improvements to roads and footways across the Parish to enhance road safety and pedestrian accessibility. We need your help to identify priorities and concerns to support our bid to achieve improvements.

Please rank these in order of priority: 1 being the highest

- Improvement to the pavement on the East side of Broad Road between the level crossing and the A259
- Improvement to the pavement on the East side of Broad Road between the level crossing and The Avenue
- Resurface and kerb the laybys on the East side of Broad Road
- Resurface and kerb the laybys in Chidham Lane between Hamstead Meadow and the A259
- Improvements to the pavement on the South side of the A259 between Chidham Lane and Cot Lane
- Make good the verges on the West side of Chidham Lane south of the school down to the housing
- Installation of a layby on the West side of Broad Road to improve Highway safety and to serve the residents of Broad Meadow
- Provide a designated crossing area to allow safe passage from the West side of Chidham Lane to the School entrance

Please return by June 10th and thank you for your time

We welcome your comments as community involvement is an essential part of any consultation with West Sussex County Council Highways and Chichester District Council to secure improvements to our roads and footways.

We will only use your details for this purpose and will not keep for longer than necessary.
