

Supporting Our Businesses – Your Perception and Views – West Sussex County Council Cybercrime/Online Safety Survey

The Community Safety & Wellbeing Team at the County Council have launched two surveys in order to gather feedback about perceptions and experiences of cybercrime/online safety across West Sussex over the last 12 months from a business and personal perspective. Your response to this survey will help influence how we at the County Council shape our cybercrime/ online safety support work in order to help local businesses in the future.

You will have 5 weeks in order to complete the survey. The survey will close at **midnight on Monday 19th November, 2018.**

If you are a business owner/manager, aged 18 or above, then please follow the link below to complete our cybercrime/online safety survey for businesses and organisations. We need your help to be able to better support our work with the business community.

Cybercrime/Online Safety Survey for Businesses & Organisations –
