

# Invitation to a Public Exhibition & Community Engagement Event

1st March 2019, 2.30pm - 7.00pm at Chidham & Hambrook Village Hall, Chidham Lane, Chidham, PO18 8TL

Chichester District Council have indicated that the Parish of Chidham and Hambrook will have to find a minimum of 500 new homes in the emerging replacement Local Plan. We are seeking the views of the local community with respect to our initial development masterplan proposal following on from the recent survey sent to local residents.

Our masterplan aims to make a significant contribution towards the overall scale of development that the Parish could be required to provide.

Pallant Homes are fully committed to a detailed programme of consultation with the local community. We are keen to engage as early as possible in order to understand and consider the views from as many stakeholders as possible whilst we develop our proposals.

Engagement with the local community is an important part of the process, and we would encourage as many members of the public as possible to attend.

Following the event, it is our intention to review all the feedback received in order to finalise our masterplan layout, prior to submitting a proposal to the Parish for consideration as part of their Neighbourhood Plan Review.

Those interested in making comments on the proposed development may do so at the above event and/or in writing to Pallant Homes, Peregrine House, Ford Lane Ford, Arundel, BN18 0DF or by email [info@pallanthomes.co.uk](mailto:info@pallanthomes.co.uk) or visit our website [www.pallanthomes.co.uk](http://www.pallanthomes.co.uk)
